Re: Officer Involved Shooting

This morning at 4:41 am officers from the Mission Police Department were dispatched to a burglary in progress at Target (6100 Broadmoor Mission, KS). Officers responded to both the front and rear of the store to establish a perimeter. Soon after arrival an officer witnessed a person at the rear of the store carrying duffle bags. The officer confronted the suspect who fled on foot. The officer gave chase. The suspect then fired a handgun at the officer, discharging multiple rounds toward the officer. The officer returned fire, striking the suspect. First aid was rendered by officers on scene, and the suspect was transported to a local hospital. The suspect's injuries are non-life threatening. No officers were hurt during this incident.

The Johnson County Officer Involved Critical Incident Team will be handling the investigation and all media inquiries should be directed to that team.

The Target store is one of multiple crime scenes in this incident. The Mission Police Department is working with them to release the scene as soon as possible. Please contact Target directly to determine when the store will open to the public.

The Mission Police Department would like to thank the community, and our law enforcement partners for their assistance with this incident.
